Contents Volume 111

1 Editorial: *Letters to the Editor*
A.F. DiSalvo

2 In memoriam: Phyllis Margaret Stockdale
D.W.R. Mackenzie

3 *Letter to the Editor:* Pityriasis versicolor: Unicity or duality?
D. Borelli

5 Ocular rhinosporidiosis in Tamil Nadu, India
J.S. Moses, C. Balachandran, S. Sandhanam, N. Ratnasamy, S. Thanappan, J. Rajaswar & D. Moses

9 Antimicrobial activity of naphthoquinones from Fusaria
R.A. Baker, J.H. Tatum & S. Nemec, Jr.

17 Infection by *Beauveria bassiana* of *Leptinotarsa decemlineata* larvae as a consequence of fecal contamination of the integument following *per os* inoculation
L.L. Allee, M.S. Goettel, A. Gol'berg, H.S. Whitney & D.W. Roberts

25 *Coelomomyces psorophorae* var *tasmaniensis* Couch + Laird (1988) (Coelomomycetaeceae: Blastocladiales), a fungal pathogen of the mosquito *Aedes australis*. I: Structural changes in the outer walls of sporangia during germination
F.C. Buchanan & J.S. Pillai

33 *Coelomomyces psorophorae* var *tasmaniensis* Couch + Laird (1988) (Coelomomycetaeceae: Blastocladiales), a fungal pathogen of the mosquito *Aedes australis*. II: Nuclear changes during meiospore formation
F.C. Buchanan & J.S. Pillai

39 Versicolorin A hemiacetal, hydroxydihydrosterigmatocystin, and aflatoxin G_{2a} reductase activity in extracts from *Aspergillus parasiticus*
J.A. Anderson, Chang Ho Chung & Sung-Hwan Cho

47 Pulmonary aspergillosis due to *Aspergillus terreus* combined with staphylococcal pneumonia and hepatic candidiasis
M. Kimura, S.-I. Udagawa, A. Shoji, H. Kume, M. Iimori, T. Satou & S. Hashimoto

55 Fungi associated with dried fish in Sri Lanka
R. Atapattu & U. Samarajeewa

61 Initial attachment of *Candida albicans* cells to buccal epithelial cells: Demonstration of ultrastructure with the rapid-freezing technique
M. Tokunaga, M. Niimi, M. Kusamichi & H. Koike

67 Root rot of onion caused by *Pythium irregulare* and *Pythium coloratum*
P.C. Vincelli & J.W. Lorbeer

73 Name changes in fungi of economic importance
D.L. Hawksworth, Chairman ICTF

75 Name changes in fungi of microbiological, industrial and medical importance, Part 4
International Commission on the Taxonomy of Fungi (ICTF)
Compiled by P.F. Cannon, on behalf of the ICTF

85 The chemotaxonomy of *Beauveria bassiana* (Deuteromycotina: Hyphomycetes) isolates from the coffee berry borer *Hypothenemus hampei* (Coleoptera: Scolytidae)
P.D. Bridge, Y.J. Abraham, M.C. Cornish, C. Prior & D. Moore

91 List of sets, index of species, and list of accepted names for some obsolete species names in *CMI Descriptions of Pathogenic Fungi and Bacteria*, Sets 1–100, Nos. 1–1000, issued January 1964 – March 1990
A. Sivanesan

109 CMI Descriptions of Fungi and Bacteria
D.L. Hawksworth

111 CMI Descriptions of Fungi and Bacteria: Set 101, Nos. 1001–1010
A. Sivanesan

131 Editorial
J.W. Rippon

133 Review of animal mycoses in Australia
M.D. Connole

165 The effect of mycophenolic acid on the cell cycle of *Candida albicans*
C.M. Quinn, V.C. Bugeja, J.A. Gallagher & P.A. Whittaker

169 Adenosine triphosphatase in yeast phase *Paracoccidioides brasiliensis*
I. Campo-Aasen & M. Goihman-Yahr

173 Alterations in the pathogenicity of one *Paracoccidioides brasiliensis* isolate do not correlative with its in *vitro* growth
S.S. Kashino, L.M. Singer-Vermes, V.L.G. Calich & E. Burger

181 Mycotoxin formation in HY-320 wheat during granary storage at 15 and 19% moisture content
D. Abramson, R.N. Sinha & J.T. Mills

Book reviews 16 / 38 / 46 / 54 / 60
